EMPOWERING WA'S ELECTRICAL INDUSTRY

We are WA's largest membership organisation for electrical apprentices, workers and businesses, with more than 2,400 active members across regional and metro WA.

We support those who work in the WA electrical industry through membership, training, advocacy and workforce services from our highly experienced WA-based local team, where members are central to everything we do.

When it comes to running or working for a WA-based electrical business, you can rely on the support of our local technical, legal and safety teams who understand WA's specific requirements and legislation. Furthermore, ECA WA are proud to maintain strong working relationships with state government, local manufacturers, regulators, network operators and other industry bodies and associations.

When you join ECA WA you get more than member benefits - you become part of a wider community who is genuinely committed to making our industry stronger, safer and sustainable, well into the future.
